Re: Volkswagen Group of America, Inc.
Cases 10-CA-166500 et al.

ORDER

On May 21, 2018, Respondent Volkswagen Group of America, Inc. filed a motion seeking permission to file a reply to the statement of position filed by Charging Party United Auto Workers Local 42. The Charging Party's statement of position was filed in response to the Board's April 18, 2018 invitation to the parties to file statements of position in light of the Court of Appeals' remand of this case. Prior to issuance of that invitation, both the Respondent and the Union filed position papers addressing the action that the Board should take in light of the remand. Although the Board had already received those filings prior to issuing its invitation to submit statements of position, the Board nonetheless issued the invitation providing the parties with the opportunity to file a second statement of position. The Respondent now moves for essentially a third opportunity to file a statement of position regarding the action that the Board

should take in light of the remand. The Respondent's motion is denied.
